GROCERIES AND MEAT MARKETS TO REMAIN OPEN UNTIL 6 P. M.

Special Ruling on Closing Orders Received This Afternoon by Mayor Russell—Kerosene Heat and Light May Be Used.

There has been much misunderstanding in the enforcement of the late opening and early closing orders of the Regional Coal Committee but as a general rule the business men of Maysville have been observing the orders strictly and where there was the least bit of doubt they have been refusing to take the benefit of the doubt. There was some question as to whether food stores could remain open until 6 o'clock in the evening as was being done in Lexington and other cities and in order to get a direct ruling on this question Mayor Russell telegraphed the Regional Coal Committee at Atlanta and has received the following interpretation by telegraph: Atlanta, Ga., Dec. 5, 1919.

Hon. Thos. M. Russell, Mayor Maysville, Ky.
Answering yours. Groceries, Meat Markets and general stores open nine a. m. Groceries and Meat Markets close at six p. m. week days and nine p. m. Saturdays. Ordinary stores close four p. m. Poultry Packing houses handling absolutely perishable goods under no restrictions but must curtail as much as possible. No restrictions on churches, Fraternity organizations, etc. Any class of business may reopen before specified time and remain open after specified time if use no light, heat or power obtained from coal, coke or gas. Kerosene lamps and kerosene heat acceptable.

REGIONAL COAL COMMITTEE. LOCAL PASTOR IS RETURNED HERE FOR ANOTHER YEAR

The conference of the Apostolic Holiness church has just adjourned and Rev. J. C. Wakefield, pastor of the local Holiness Church, has been re-assigned to this field. Mr. Wakefield is very popular not only with his own congregation and the public in general will be glad to know of his returning for another year. Mr. Wakefield begins a revival at his church on Sunday evening.

IMPORTANT MATTER COM- ING BEFORE COMMUNITY CLUB

Meeting of Maysville Community Club On Next Monday Evening to Be Very Important One.

At the meeting of the Maysville Community Club Monday evening at 7:30 December 8, old Public Library to be addressed by Dr. C. B. Cornell, Department of Psychology, University of Kentucky, a matter of great importance to the well being of the community now and in the future will be presented for discussion, and the meeting should be attended by as many of our citizens as the room will accommodate.

Dr. Cornell's subject is "Delinquency and crime". How far can these causes be removed? What is the best way to deal with the incurable delinquents and criminals for their own greatest good and for the probation of society?

Dr. Cornell is a friend of the children and believes that every child should have a square deal. Following a recent address by Dr. Cornell, a committee was appointed to confer with civic and philanthropic organizations in the community on plans to better conditions for children. Dr. Cornell is holding a weekly psychopathic clinic to which public school children are brought for mental tests. Such a clinic will be held in Maysville Monday and at Mayslick Tuesday.

REVIVAL

PROGRESS OF WOMAN SUFFRAGE RECOUNTED BY NOTED SPEAKER

Brilliant Woman, Wife of Brilliant Editor, Speaks to Mason County Women at Court House on Preparation For the Use Of the Ballot.

Mrs. Desha Breckinridge, wife of the editor of the Lexington Herald, and President of the Kentucky Equal Rights Association, was the chief speaker at a meeting of Mason county women held at the Court House this afternoon for the purpose of creating an interest in preparing for the proper use of the ballot when it comes to the women of Kentucky in the very near future.

Similar meetings are to be held in all parts of the state and women attending these county meetings are expected to go out through the precincts of the county and interest all the women.

Mrs. Breckinridge's address was especially interesting as it recounted the rapid spread of Woman Suffrage over the world.

Mrs. Breckinridge spoke to the title "Women Our Future Citizens." She said in part: "The coming of woman suffrage is now as certain as that the day will follow night. The question is no longer of whether or not women will vote, but of how they will use their privilege. Whether they will be conscientious and intelligent voters, or whether they will form an ignorant and manageable portion of the electorate to be manipulated by party bosses and played upon by corrupt influences."

When suffrage was thrust upon the Negroes as a war measure, however beneficial the doing of political justice to this mass of people was to become in the long run, it was inevitable that for many years their ignorance and unpreparedness made them a prey to the worst influences. The K. E. R. A. believes that the women of Kentucky when admitted to the electorate may, on the contrary, become a strong, uplifting force, and a real influence for the betterment of local, state and national conditions. It knows, however, that, if this is to be so, the women must be trained in civics and citizenship, and to this end it is organizing classes wherever possible for training women in citizenship.

Woman Suffrage Movement Is World Wide

Though the fact is not realized in some parts of Kentucky where woman suffrage is still looked upon as a strange new thing, the struggle begun in 1848, over seventy years ago, is now practically concluded. Woman suffrage is sweeping the civilized world. The service done by women during the Great War left no argument against the complete political emancipation of women among the rulers and leaders of the Allied nations. Canada led the way by granting war suffrage, following it with full suffrage. Great Britain added to what she had already given the keystone of parliamentary suffrage, so that now every English speaking nation in the world has granted full political rights to its women. In Australia, New Zealand, Canada, England, Scotland, Wales and Ireland women have full political rights, and even the women of Rhodesia and British East Africa have now their electoral rights while the women of South Africa are on the way. To Ireland and the European countries which we used to count, Norway, Finland and the Isle of Man, have been added Sweden, Denmark and Holland. Belgium has granted war-time suffrage, which will be speedily followed by full suffrage. Italy has all but concluded the technical process of granting full suffrage to her women. Clemenceau and Poincare declared for suffrage in France. The countries in revolution have, of course, granted woman suffrage as a part of their throwing off of the yoke of autocracy, as have the countries which won their independence during the war. Five women sit in the Constituent Assembly of Poland; the republic of Czechoslovakia has written woman suffrage into its constitution as have Roumania, Serbia and Hungary. All Russia has granted suffrage, and stranger of all to relate, the Central Empires, Germany and Austria, have done likewise.

From Greenland's icy Mountains In the Duchy of Luxembourg women were granted the vote a few weeks ago. In one of the provinces of China women sit in the local parliament; in Madras, India, women have been made eligible to the city council; a former American woman, Nancy Langhorne Astor has recently been elected to sit in the House of Commons in England. Norway has already appointed a woman to sit in the Assembly of the League of Nations—while our Senate is still haggling over letting our country come into the League at all. Women have suffrage in one province of Mexico; the question is up in Hawaii and the Philippines. Literally, from Greenland's icy

mountains to India's coral strand women are coming into their own.

"In This Our World" In the United States 15 states have granted full suffrage to women; 12, Presidential suffrage, and 2 Southern states have granted primary suffrage. As the latter are Southern States in which when the Democratic party has nominated its candidate it is all over but the shouting; primary suffrage is equivalent to full suffrage. We have therefore a total of 29 states where women will vote or the next president; in addition there are 12 states with partial suffrage and only 7 of the 48 states in the condition of Turkey and Bulgaria where women have no suffrage. Nearly 20,000,000 are now eligible to votes for the president.

We believe that by the next Presidential election November 1920, all the women of this country will be voting. The Susan B. Anthony Amendment granting woman suffrage passed Congress after being on the docket forty years or more, in June of this year. It is necessary that 36 states ratify this amendment before it becomes a part of our Federal Constitution. Already 21 states have ratified; 7 of them only at regular sessions of their legislatures, the other 14 having ratified at called sessions, most of them called simply for the purpose of doing justice to the women of the United States. Other states have already promised to call special sessions for the purpose. The Executive Committee of the National Democratic Party has passed a resolution asking all full suffrage states that have not yet ratified to call special sessions of their legislatures to do so.

In Kentucky

The Legislature of Kentucky meets on January 6th, 1920. We confidently expect the ratification of the Federal Amendment to be one of the first acts of that Legislature. Both the Republican and Democratic parties have adopted suffrage planks embracing ratification of the Federal Amendment in their platforms. The new Governor of Kentucky has long been an earnest advocate of woman suffrage, and will throw his influence for quick ratification. Every friend of woman and justice in Kentucky should throw his or her influence to bring about this ratification. We should leave no stone unturned.

And in the meantime Kentucky women should accept the act that they will soon be voters and should prepare themselves to exert the suffrage intelligently.

Mrs. Breckinridge went on to tell of conditions in Kentucky which needed the efforts of women for their betterment; of plans already going forward for the preparing of women for full citizenship; and of the purposes of the new national organization "The League of Women Voters" into which the National Suffrage Society is already resolving itself.

CINCINNATI PRICES

The prescription opticians of Cincinnati are not required to close before their regular time. They are closed as essential. We can not open before 9 a. m. and must close at 4 p. m. This does not give us time to make up the number of glasses we are called upon to make therefore we will have to order a large part of the work we put out. We have been selling at before the war prices but now you will have to pay Cincinnati prices so long as the fuel restrictions require us to close early and begin late. Don't blame us. We think Maysville is as good as any other town but others seem to see it differently.

REDRYING PLANTS ARE EXEMPTED FROM FUEL RESTRICTIONS

Stores May Remain Open After 4 O'clock and May Open Before 9 If They Do Not Use Power, Heat or Light—Coal Given Tobacco Industry.

New rulings just received on the drastic fuel restrictions relieves the situation considerably as it affects the tobacco towns of Kentucky and there is great rejoicing in all tobacco towns today because of the announcement that the re-drying plants may open on scheduled time.

Under the original orders it was understood that the large re-drying plants in Maysville and other tobacco cities could not operate because they could not receive sufficient quantities of fuel but the new ruling just announced allows them a maximum supply of one car load a week. This will permit the plants in Maysville to open soon after the loose leaf season opens on Tuesday and will give employment to many.

Another modification of the original order is that stores, shops, etc., may remain open after 4 in the afternoon and may open before 9 in the morning if they do not use light, heat or power.

The orders' modifications follow: "Bearing upon the instructions of the Regional Coal Committee in regard to regulations for conservation of fuel, printed copies of which were mailed your office today for distribution, following additional modification has just been made:

"This supplement supercedes and cancels paragraph No. 4 of the Summary of Interpretation issued by the Committee on December 2, with the hope of reducing the minimum consistent which will affect the discomfort and inconvenience which the public generally must be called upon to suffer in the fuel crisis, and particularly in the recognition of the situation existing in the midst of the Christmas shopping season, the Regional Fuel Committee hereby makes effective at once the following supplement to fuel conservation regulations issued on November 29:

"Industries, stores and other places of business may be opened before 9 a. m. and close later than 4 p. m. if outside of those hours they use no heat, light or power whatsoever produced in any way from coal, wood or gas. This modification is made strictly upon the condition that plants and places of business which use heat during the hours fixed will shut off their fuel

S. S. CONTEST TO BE EXPLAINED SUNDAY

Great Attendance Contest to Be Launched at First M. E. Church, South on Next Sunday.

The members of the Sunday School of the First M. E. Church, South, are launching a competitive plan for increased membership, covering a period of two months.

The entire membership is divided into two sections, each with its own captain; the women and girls forming one section, the men and boys the other.

Plans for this contest will be fully explained at Sunday School, December 7; reports of progress being announced each Sunday following.

At the close of the contest, (about February 14) a celebration supper will be given by the losers to the winners.

Let every one connected with the School be present Sunday, December 7, to hear plans and enter contest.

consumption at the same hour it would be shut off if they were closing their doors at 4 p. m. and that heat will be used no earlier in the morning than allowed by the original regulations. Grocery, meat and milk stores, barber shops and places of public amusement may operate outside of the special hours fixed for them if they comply with the above conditions."

Following is a joint message from the Federal Manager, quoting the Regional Coal Committee:

"Ms 1426. Following from Regional Coal Committee: Kentucky opens December 2, and will open at same time in other points Central Kentucky such as Danville, Paris, Cynthiana, Maysville, Richmond and other towns. Crop is of perishable nature and re-drying plants operating in those towns for the purpose of handling the crop as it comes in from the farms should be protected with sufficient coal from time to time to handle the product moving. Some coal reported on hand consigned dealers for delivery to re-drying plants or some consigned same direct. Release in quantities not to exceed one week's supply with maximum of one carload are hereby authorized.

"B-192-H." "Submitt promptly all requests for coal on this account so that release may be granted."

BUSINESS MEN LEND THEIR FINANCIAL AID TO DEVELOPMENT CO.

Canvassing Committees Find That Business Men Are Anxious to Become Stock Holders in Maysville Development Co.

Committees of business men for each of the six wards in the city started out this morning to visit the business men of the city to give them an opportunity to purchase stock in the Maysville Development Company, a corporation to be organized for the purpose of building new homes in this city to house new citizens who are certain to have from the establishment of a large Reynolds Tobacco Factory here.

The members of these committees are to report at 7 o'clock tonight at a meeting to be held at the home of Mr. E. T. Kirk in West Second street but it is understood from members of the committees at noon today that they are meeting with much success and find that the people of Maysville are anxious to put their money into the proposition.

A balance of \$67,900 remained unsubscribed when the teams went out this morning and it is expected that nearly this entire amount will be subscribed today. A total of \$100,000 will be subscribed before the company applies for a charter.

AGED CITIZEN DIES

Mrs. Elizabeth Reed, 83 years of age, died at the home of her son, Chas. Reed in West Second street Thursday night at 11:30 o'clock following a long illness of complications incident to advanced age. She was the oldest member of the First Baptist church of this city and a strong Christian character.

Funeral will be from the home Saturday afternoon at 2 o'clock with services by Rev. J. A. Davis, pastor of the local Baptist church, and burial will be made in the Maysville cemetery. Surviving her is but one son, Councilman Charles E. Reed, of the First Ward.

SUNDAY SCHOOL LESSON

DECEMBER 7, 1919.

Topic: Failure of the Disciples. Mark 14:82-42. Jno. 18:14-18, 25-27.

REV. J. J. DICKEY

(Please read the lessons before reading this.)

In this lesson we have a test of the courage of the disciples; and from it we learn that we do not know ourselves until we are tried. The question is often asked "What would you have done?" or "What would you do?" the circumstances being given. The proper answer to such questions is "I don't know."

Brave men are not given to boasting, especially after they have been thoroughly tested. One of the weaknesses of human nature is, ignorance or our weakness. "We are all poor critters." None of us have any right to boast; neither have we a right to ridicule those who fail. These untold men who cringed and fled made a record for courage that places in the front rank of immortals.

There is not a blot on their future record, and they were "always exposed to death." Wonderful power is gained by discipline; if it were not so God would not permit so many trials to overtake his saints. Blessed is the man that endureth temptation; for when he is tried he shall receive the crown of life, Jas. 1:12. Peter had learned the value of trials when he wrote his first epistle for chapter one and verse seven he says, "That the trial of your faith, being much more precious than gold that perisheth though it be tried in the fire, might be found unto praise and honor and glory at the appearing of the Lord Jesus Christ." Although all of the disciples fled when Jesus was arrested, John redeemed himself by going to the trial, and Peter by his repentance.

Let it be especially noted that after the disciples received the baptism of the Holy Ghost, at Pentecost, they never again faltered for lack of courage. "The righteous are as bold as a lion," Prov. 28:1. Knowing their lack Jesus forbade the apostles to leave Jerusalem until they should receive this power and today it is man's only safe guard against temptation. The Holy Spirit still transforms trembling men and women into heroes and heroines. It is marvelous what natural defects the Holy Spirit supplies. The glorious career of these men is to be attributed more to the endowment of power at Pentecost than to any other or all other causes. Note what Jesus said to these men as he saw their trial approaching, which they did not see: "Watch and pray lest ye enter into temptation." Unless we heed this warning, we too will

fall. The agony of Jesus in the garden is beyond our comprehension! He was bearing upon his soul the sins of the world. "My soul is exceedingly sorrowful even unto death," were his words. What must have been his anguish! "And being in an agony he prayed more earnestly; and his sweat was as it were great drops of blood falling down to the ground." Luke 22:44. No mortal ever suffered like that. He was paying the price of our salvation. This was a part of the plan, devised before the foundation of the world. Jesus said, Like 24:46. Thus it is written (Isa 53:10) and thus it behoved Christ to suffer, and to rise from the dead the third day; and that repentance and remission of sins should be preached in his name among all nations, beginning at Jerusalem. The atonement of Jesus Christ is the soul of the gospel. He who rejects that rejects the Son of God himself.

"The blood of Jesus Christ his Son cleanseth from all sin." 1 Jno. 1:7.

HEALTHY, ROBUST PEOPLE POPULAR EVERYWHERE

Good Health Creates an Attractive, Magnetic Personality and Wins Admiration—Healthy People Are Happiest—Pepto-Mangan Has Put Thousands Into the Healthy, Full Blooded Class.

Flow the red-blooded, energetic, and attractive man or woman is envied by those who feel that it will always be their unfortunate lot to be thin, pale, and weak-bodied!

And yet why continue to envy men and women who possess a vigorous, healthy physical condition and an attractive, magnetic personality? Poor health and lack of vitality are often merely the result of impoverished blood.

Gude's Pepto-Mangan is for people whose bodies suffer from lack of proper blood nourishment. Pepto-Mangan enriches the blood and increases the number of healthy red blood cells, which are so necessary to carry the proper nourishment, vigor, and strength to every part of the body.

Physicians introduced Gude's Pepto-Mangan to the public because they knew that it contained the very properties that are so sorely needed to build up thin, watery blood. For your convenience Pepto-Mangan is prepared in two forms, liquid and tablet. Both contain exactly the same medicinal value.

Insist on the genuine Pepto-Mangan. To be sure you are buying the genuine Pepto-Mangan, ask your druggist for "Gude's". And be sure the name "Gude's" is on the package.

AUTOS BRING REVENUE OF HALF MILLION TO STATE

Licenses Must Be Renewed Before January 1—Many Have Applied.

Frankfort, Ky., December 2.—That the automobile department is a revenue product is evidenced by the fact that more than one-half million dollars was collected during 1919 for motor vehicle licenses. During the year 80,861 pleasure cars, 9,086 commercial trucks, 1,501 motor cycles, 743 dealers and 7,000 chauffeurs paid licenses to the State, amounting to \$563,316.36. The total amount collected by the Motor Vehicle Department for 1918 was \$416,477.31.

The new year in the Motor Vehicle Department begins with December and already 2,000 applications or 1920 licenses are on file in the office. Major T. W. Woodyard, who took charge of the Motor Vehicle Department Monday wants the public to know that all licenses must be renewed by the first of the year. After December 31 owners of cars cannot run them with 1919 licenses and as the new licenses must be secured in December, Major Woodyard hopes that owners of cars will not wait until the last day to get them, for in that event the department will be unable to handle the business.

Samuel K. Wright, who was temporarily in charge of the Motor Vehicle Department, will continue as assistant to Major Woodyard.

LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadersville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few

doses of Black-Draught." Seventy years of successful use has made Thedford's Black-Draught standard, household remedy. Ever member, of every family, at times need the help that Black-Draught give in cleansing the system and relieving the troubles that come from constipation, indigestion, lazy liver etc. You cannot keep well unless your stomach, liver and bowels are in good working order. Keep them that way. Try Black-Draught. It acts promptly, gently and in a natural way. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c. a package—One cent a dose. Catarthal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarthal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

Tobacco MARKET OPENS Dec. 9th

The Lexington Tobacco Market opened the 2nd, at an average of \$56.09 per hundred, on an extra good break of Tobacco, the price range being from 10c to \$1.15, crops averaging as high as 88c.

There were only a few fine crops on the floor, so you can see that the medium good tobacco made averages from 50c to 70c.

Everything points to our having HIGH PRICES on our MARKET, and the OPENING PRICES, we are sure, will please every one. TRY US WITH YOUR FIRST LOAD.

RIVER WOULD SOLVE FUEL PROBLEM IF ALL DAMS WERE FINISHED

Ohio Valley Improvement Association
Opens Meet—Congress to Be
Urged to Complete Dam Sys-
tem at Once.

Urging that resolutions be drawn up and presented by committees before Congress to demand that an appropriation be made sufficient to complete the opening of the channel of the Ohio River from Pittsburgh to Cairo, C. W. Craig, Secretary of the Paducah (Ky.) Board of Trade, addressed the twenty-fifth annual convention of the Ohio Valley Improvement Association in Cincinnati yesterday. Mr. Craig declared this work should be begun in 1920 and completed within five years.

"For nearly 25 years," he continued, "I have listened to these conventions to delegates advance theories of how water transportation on the Ohio and Mississippi Rivers should be developed. To my mind the most plausible solution is abolition of the long and short haul clause of the act to regulate commerce."

Mr. Craig referred to reductions of freight rates by railroads competing with waterways, resulting in decline of river traffic, with the result, he said, "we hear no steamboat whistles, though rail rates have been advanced from 2 to 600 per cent in the last 20 months."

"During the war rail carriers suffered a complete breakdown; commerce was at a standstill and it became necessary to use the rivers. We found it impossible to depend on the Ohio River as a means of transportation. Unless immediate steps are taken to make a dependable channel from Evansville to Cairo the river can be of little value as an artery of commerce. If the river was open at

this time, when the entire country is calling for coal, companies contiguous to the river would be able to transport fuel without difficulty.

"We have been imploring Congress to complete the locks below Evansville and build one or two more locks on the Cumberland River. If this is done we will have a system of waterways unequalled in the civilized world. We are not interested in rate adjustments until boats with regularity can handle products for transportation to the Mississippi."

IN THE DAY'S NEWS

The English world of music today will pay tribute to Sir Frederick Bridge, the renowned organist of Westminster Abbey, this being his seventy-fifth birthday anniversary. Besides being one of the greatest of organists Sir Frederick has won fame as a composer and has written many learned works on theoretical as well as other musical subjects. His musical career has been a long and varied one, beginning at the age of 17 when he got his first appointment as a church organist. In 1869 he was appointed organist at Manchester Cathedral, his first important post. Thirteen years later his ambition was crowned when he stepped into what may be considered the highest post of English cathedral organists, that of organist of Westminster Abbey.

Among many historic occasions upon which Sir Frederick has officiated were the jubilees of Queen Victoria and the coronation of King Edward VII. and King George V.

Finally Restored to Health
by Lydia E. Pinkham's
Vegetable Compound.

Key West, Fla.—"For five years I suffered from irregularities, with terrible pains and an awful weakness in my back. The doctor gave me different medicines but they did me no good. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it."—Mrs. J. M. CAMUS, 728 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their 40 years experience in advising women on this subject is at your service.

LEG AMPUTATION RESULTS FROM HUNTING

The Vanceburg Sun says: A most distressing accident occurred Thursday near Coveadale when the 10-year-old son of Mr. and Mrs. Joe McCann of near White Corner was accidentally shot in the right knee by Chester Hillis while hunting on the farm of A. H. Graham. The lad was carried to the home of Paris Henderson near by and Dr. Stout sent for who dressed the injured member. Sunday it was thought best to amputate the injured limb and same was done by Drs. Taylor of Maysville and Stout. At this writing the little man is reported as doing as well as could be expected. Mr. McCann and wife have the sympathy of everyone as they seem to be having more than one person's share of misfortune.

MABEL NORMAND IN "SIS HOPKINS" AT PASTIME MONDAY

A great picture program will be shown at the Pastime next week starting Monday with Mabel Normand in "Sis Hopkins." This is the world-famous stage success presented in motion pictures by Goldwyn. Tuesday, Geo. Walsh will appear in "The Winning Stroke," a Wm. Fox production. Wednesday, Louis "Canlon" will appear in "Sandy Burke of the U-Bar-U," a thrilling Western picture. Thursday, a special feature will be shown. Friday, "The Great Gamble" and Saturday a big western feature.

STRONG PROGRAM IS ARRANGED

The management of the Washington and Gem Theaters announce their program for next week as follows:

Monday—That big one, "The Birth of a Race." Tuesday, Ethel Clayton in "Pettigrew's Girl." Wednesday at Gem only, June Elridge in "Coax Me." Thursday, Fred Stone in "Tommy Get Your Gun." Friday, Florence Reed in "Wives For Men" and Current Events. Saturday at Gem only, Harry T. Morrey in "In Honor's Web." Mack Bennett comedy, "No Mother to Guide Him."

MILLIONS ARE IDLE BECAUSE OF STRIKE

Wage Loss Is Enormous Over the Nation as a Result of Big Coal Strike.

Washington, December 5. — More than 1,000,000 workers are now idle or employed on part time as a result of the coal shortage, it was estimated officially here today.

The estimate was described as "extremely conservative" by J. D. A. Morrow, vice president of the National Coal Association.

Exact figures are impossible to obtain, since formal reports are not received from all sections of the country.

Railroad Administration reports show in some sections whole communities are having enforced vacation.

The wage loss is estimated at more than \$2,000,000 daily. Loss to employers and business men is beyond all estimates.

Thousands of those affected are women who depend for employment on mercantile establishments.

Railroad workers constitute another class affected by the strike, according to heads of the four big railroad brotherhoods. Trainmen began to feel the strike through curtailment of train service a week after it began, according to William R. Lee of the Brotherhood of Railroad Trainmen.

At Gary, Ind., thousands of steel workers were laid off because of the enforced closing of big furnaces.

CARELESS AUTO-DRIVER DAMAGES RESIDENCES

Some careless automobile driver did considerable damage to the residence of Miss Rachel Pecor in Third street and the Dodson property just across the alley sometime last night. The machine was away from the other side of the alley to the other and besides knocking two large holes in the weatherboarding in Miss Pecor's home, tore down the spouting on the Dodson building. Police are investigating the matter and expect to have it explained.

EPISCOPAL DRIVE BEGINS OVER THIS DIOCESE SUNDAY

Large Sum to Be Raised By Members of Episcopal Church in Lexington Diocese Drive Starts Sunday.

This is the last appeal in the press in the Nation-Wide Campaign, for money to push the work of the Episcopal Church, in the Lexington Diocese, of which this parish is a part.

The apportionments are calculated mathematically and with the exception of the Colored Mission, are proportioned to the amount of the annual expenditures upon itself of each Parish or Mission, taken in connection with its baptized membership. There is, therefore, entire impartiality and nothing arbitrary in the fixing of the parochial quotas. It has been announced from the National Headquarters of the Nation-Wide Campaign that what is received from the General Church will be proportioned to what is contributed from here, to objects outside this Diocese.

The quotas present the share of each Parish and Mission in the apportionment for each of the three years laid upon this Diocese by the National Organization of the Nation-Wide Campaign, for objects outside the Diocese such as Missions, Religious Education and Social Service. If the organization is able to grant all the Diocesan askings, this Diocese shall receive back as a Diocese from the General Church, several times as much as it is asked as a Diocese to give to objects outside the Diocese.

Margaret College is the Diocesan Institution at Versailles, Kentucky, for Education of Episcopalian girls and has been so successful as to require aid to enable it to take advantage of its great opportunities. This Diocese has asked for \$30,000 from the General Church for the development of Margaret College with the understanding that the Diocese would raise \$5,000 for Margaret College each year for three years. Thus at the end of the three years period, Margaret College will altogether have received \$45,000 which will also so enlarge and equip it, as will enable it to accommodate its "Waiting List" of pupils and make room for many others in addition.

There has been for many years a great disproportion between clerical salaries and the much higher wages of many day laborers. Especially within the last few years, in view of the high cost of living, there has been a great inadequacy between these salaries and the manner in which the Parishoners expect their Clergymen to live. Therefore, there is a determination, especially on the part of the laymen to see that the average clerical salary is considerably increased. This Diocese asks from the General Church \$2,523.57 for each of the three years for the increase of salaries within this Diocese that are below a certain figure. In return, it must raise as a Diocese for each of the three years, \$774 for the same object within this Diocese.

The total asked in the Lexington Diocese every year for three years is: To general budget, \$18,335.01; Margaret College, \$5,000.04; increase for clerical salaries, \$774.05; total, \$24,109.10.

Further information will be furnished by the local chairman, Wadsworth Clark.

IT'S SURPRISING

That So Many Maysville People Fail To Recognize Kidney Weakness.

Are you a bad back victim? Suffer twinges; headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys.

It's surprising how few know what to do. Kidney trouble needs kidney treatment.

Doan's Kidney Pills are for the kidneys only. Have convinced Maysville people of their merit.

Here's a Maysville case; Maysville testimony.

Kidney sufferers hereabouts should read it. Miss Dora Edgington, Wood St. says: "I have used Doan's Kidney Pills and from the results received, I have every reason to recommend them. At times my kidneys have become weak and have been irregular in action. My back has ached, too, and has been very weak and lame across my kidneys. When I have used Doan's Kidney Pills for this trouble, they have never failed to relieve the complaint in a short time. I gladly advise anyone to get a box of Doan's Kidney Pills at Chasler's Drug Store, if troubled in that way."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Miss Edgington had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

SHEEP GROWERS URGED TO ATTEND MEETING SATURDAY

Enforcement of the Dog License Law to Be Discussed at Meeting to Be Held at Farm Bureau Saturday Afternoon.

The meeting of sheep breeders to be held by the Mason County Farm Bureau at the Chamber of Commerce building on Saturday afternoon is of such importance that every man in Mason county interested in the future of the sheep industry should make a special effort to attend.

At this meeting the matter of enforcing the state's dog tax law and compelling every dog owner to pay a license fee and become directly responsible for the damage the dog does, will be discussed thoroughly and some manner of assisting the county officials in carrying out every provision of the law may be decided upon.

It is very necessary to the sheep breeders that taxes are paid on every dog in the county so that there will be enough money in the fund to pay their claims for sheep killed by dogs. The meeting begins promptly at 2 o'clock and every person interested in sheep will be made welcome.

LOCAL MAN NAMED NATIONAL RIVERS DELEGATE

Captain C. M. Plister, of this city, who since its organization, has been one of the leading promoters of the Ohio Valley Improvement Association, was honored by that body at its meeting in Cincinnati yesterday when he was elected one of the delegates from the association to the National Rivers and Harbors Congress to be held in Washington December 9 and 10.

Mr. and Mrs. W. L. Tolle, of the county, are the proud parents of a fine baby boy.

There will be a meeting of the Eastern Star at the Masonic Temple this evening at 7:30.

TO MY FRIENDS

My friends in Mason, Fleming and neighboring counties will please take notice that I will be connected with the

INDEPENDENT-CENTRAL

Loose Leaf Sales Warehouse, Maysville, Ky.
The coming season, and those who will favor me with the handling of their tobacco can rest assured that I will give the matter the same careful attention that I have always given it in the past.

The houses will be opened after December 1, to receive tobacco. First sale December 9th.

Thanking you for past favors and soliciting a continuance of same, I am Respectfully,
ALBERT T. DAY.
